Dear Counsel,

As per the Court's order at last week's hearing, attached is Plaintiff's proposed stipulation concerning the blood and DNA evidence. For your convenience, we have included a draft proposed stipulation with citations to attached exhibits supporting each factual assertion. Another e-mail will follow with a clean version of the proposed stipulation for your signature.

Please advise us on your response promptly so that we can inform the Court of the status of the stipulation.

Regards,

Monica R. Shah
